C. E. Baker Construction established in 1997, is a design and build firm, able to assist our clients with professional, reliable skill in all phases of the project. Our in-house designer will assist you in creating the addition or renovation that will best compliment your home. We provide cost estimates that are fair, within your budget, and we make every possible effort to stick to that estimate throughout construction.

“The building phase began on time and was completed on time. The men working on my home were pleasant, courteous, and just nice to have around . . . More importantly, they did excellent work.”
